

CITY OF THE DALLES
Department of Public Works
1215 West First Street
The Dalles, Oregon 97058

PRESS RELEASE

DATE: February 21, 2020
TOPIC: UPDATE: Monroe Street Sanitary Sewer Upgrade
CONTACT: City of The Dalles Public Works Department (541) 296-5401
FOR RELEASE: IMMEDIATELY

The sewer main installation on Monroe Street between East 2nd Street and East 3rd Street is expected to be completed today.

On Monday February 24, 2020 the City of The Dalles Public Works is expected to move to stage two of a sanitary sewer upgrade project: Move a manhole and connect to existing sewer main at the intersection of Monroe Street and East 3rd Street.

Work hours will be 7:00 a.m. to 5:00 p.m. weekdays.

The purpose of this work is to repair and replace sections of sewer main.

All modes of traffic will be affected in the work area. Full and partial road closures will affect pedestrians, bicyclists and motorists.

Traffic controls will move through three stages:

- 1) The City is expected to remove the full road closure on Monroe Street between East 2nd Street and East 3rd Street when work is completed today.
- 2) On Monday February 24, 2020 the work area is expected to move to the intersection of Monroe Street and East 3rd Street. Through traffic will be flagged to a single lane around the construction zone. Expect delays.
- 3) The last stage of the project is expected to close the south lane of East 3rd Street for up to six days.

Traffic controls and closures will remain in place until the completion of each stage of work.

No parking will be allowed within the work area due to heavy equipment use and the location of the trench. No parking signs will be placed on the curb 48 hours before the project moves into each work area.

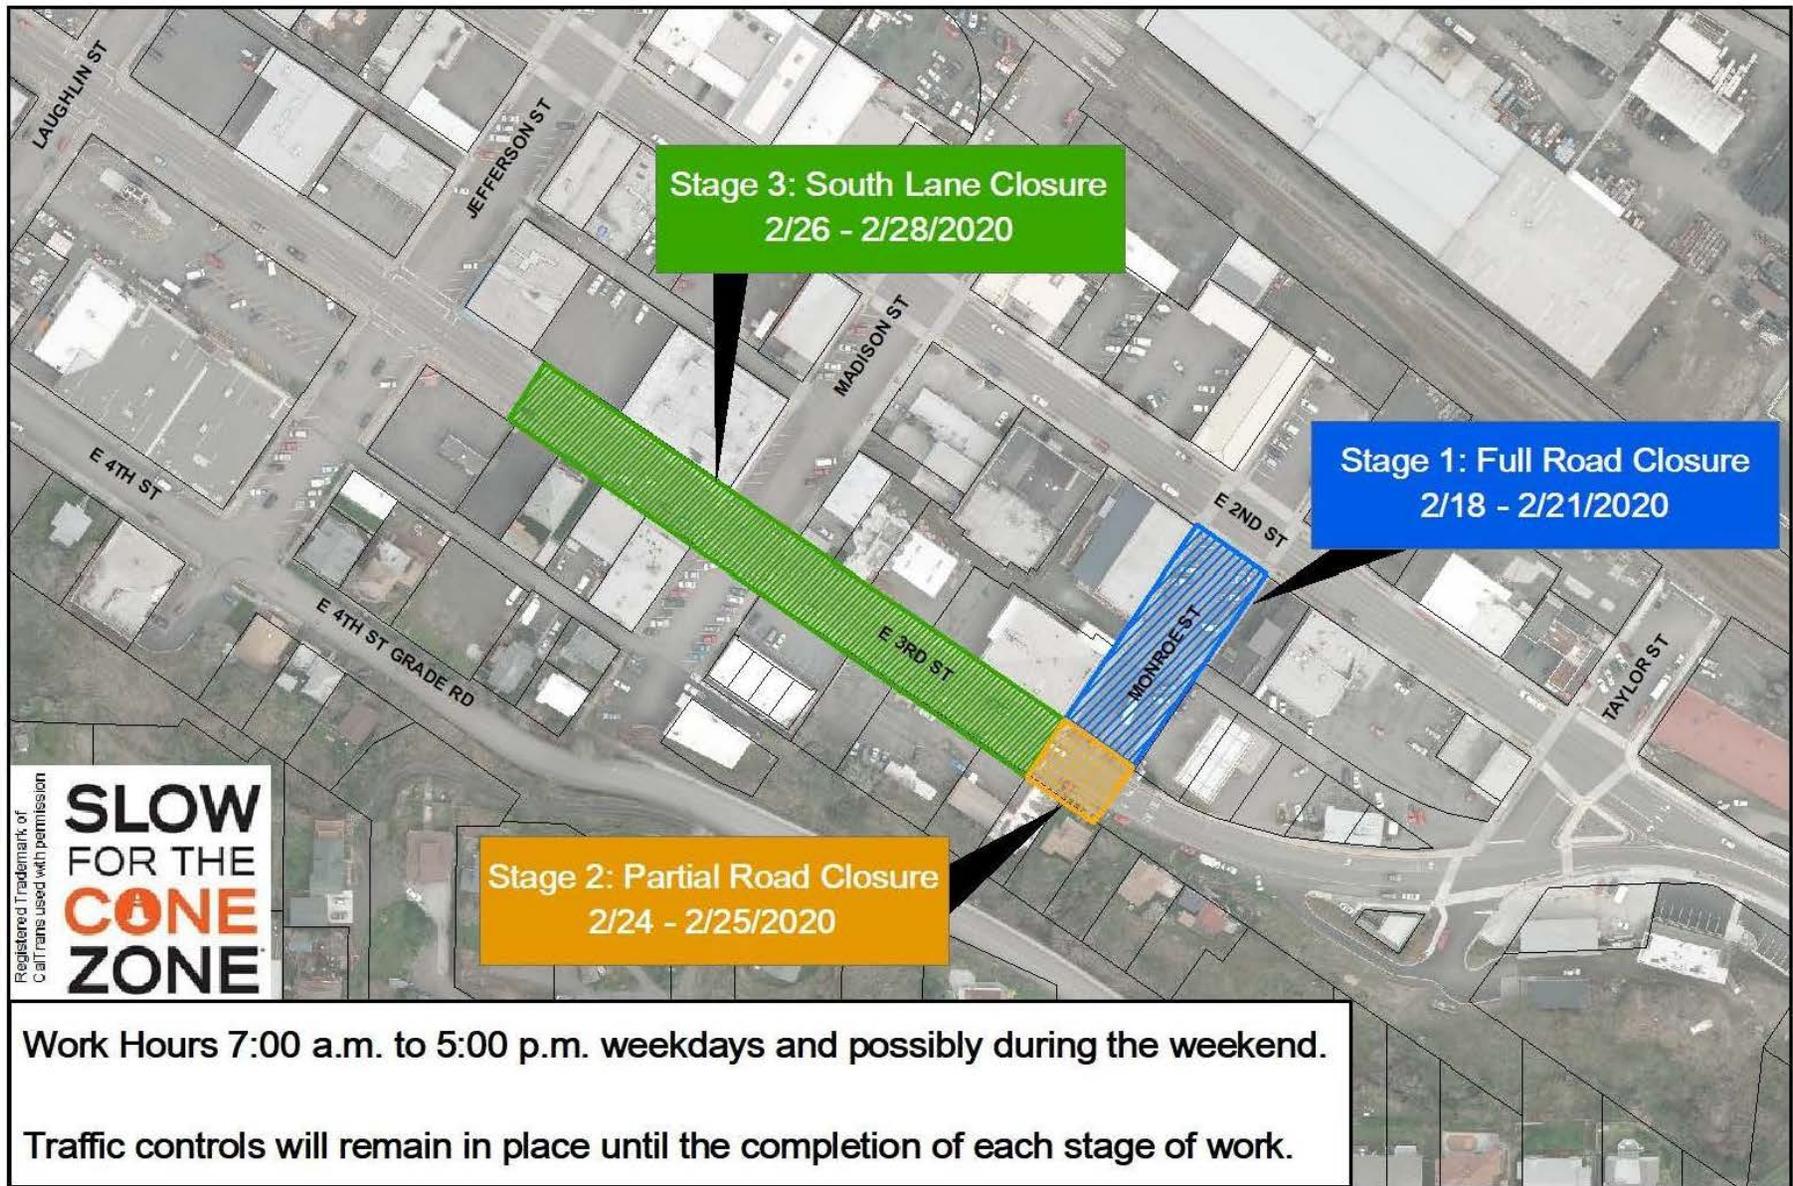

Please proceed with caution in this area during road and lane closures. Please observe all temporary traffic control devices. Thank you for your attention to traveling safety during this work.

If you have questions, please contact the Public Works Department at (541) 296-5401 or call the after hours number at (541) 980-7703.
